

Saskatchewan Aviation Council

Join The Most Powerful Voice In Saskatchewan Aviation

INTRODUCTION

Since 1989, the Saskatchewan Aviation Council (SAC) has been improving aviation in Saskatchewan. What began as a small group of pilots has grown to include members from all facets of aviation. Today, SAC is the voice of aviation in Saskatchewan and a respected contributor on national aviation issues.

Our mandate is to promote and enhance aviation services in Saskatchewan. SAC works closely with other provincial and national aviation associations to influence aviation matters not only in Saskatchewan but across Canada. Our members represent commercial air operators, airports, pilots, aircraft maintenance engineers, aircraft owners and aviation-related businesses.

WHAT IS SAC DOING?

We continue to work with Saskatchewan Ministry of Highways and Infrastructure administering the Community Airport Partnership Program (CAPP).

We are partners with Saskatchewan Polytechnic in the Commercial Pilot Diploma Program.

We offer advice and support the SIIT AME Training Program.

We award scholarships for aspiring AME and Commercial pilots in training through the "Happy Face" fundraising efforts at the annual Wings of Saskatchewan conference.

We encourage the Saskatchewan Aviation Historical Society (SAHS) as they move forward with their historical and educational initiatives in Saskatchewan.

We continually provide input, suggestions and recommendations on proposed Transport Canada regulations and Nav Canada aeronautical studies.

We have formalized a working relationship with the Ministry of Highways and Infrastructure (MHT) by way of creating an Aviation Advisory Committee (AAC).

We co-host the Wings of Saskatchewan Annual Conference and Trade Show with the Saskatchewan Aerial Applicators Association and in so doing take advantage of the synergies of both organizations in promoting and enhancing aviation.

We do not forget those who have contributed to our rich aviation history and so recognize them through the Hall of Fame, Distinguished Airman and Industry Service awards.

WE NEED YOUR SUPPORT -- BECOME A MEMBER TODAY
